

GROMMETS

The diagram shows a vertical banner layout with a red outer border and a blue inner border. At the top and bottom, two orange dots represent grommet locations, with arrows pointing to them from the word 'GROMMETS'. In the center, text specifies the finished size (24" x 60") and size with bleed (25" x 61"). Three horizontal lines with arrows pointing right are used to define layout zones: a black line for bleed, a red line for the cut line, and a blue line for the safe area.
